

WICKED WING WALK

Stand on the top wing of a 1940s biplane and let your adrenaline hit new levels!

16th June

THE CHALLENGE

You will be guided by our professional wingwalking team up on to the top wing in 3 stages, highest step up being 3ft (assisted with a step if required). Once strapped in, and after an 'on wing' briefing by one of our professional wingwalkers, you are ready to go! The pilot will perform his pre-start checks and then you will see the huge 3m propeller turn and the engine rumble into life. As you taxi across our beautiful, private airfield ready for take-off, you will be overwhelmed with excitement from the roar of the 450hp engine and the propeller right in front of you. All your nerves will disappear as soon as the wheels leave the ground!

TAKE OFF

Once lined up the pilot will throttle up the engine, release the brakes and you're off! Your adrenaline levels will go off the scale as the aircraft quickly gathers speed on its take off run, just a few seconds later you will feel the wheels leave the ground. Feel the tremendous sense of freedom as you fly through the air, take in the unbelievably stunning views, whilst waving to friends and family on the ground below.

YOUR FLIGHT, YOUR WAY

All our wingwalkers have different preferences so whether you're after a sedate flight or an adrenaline fuelled flight, your wish is our command. Do not underestimate the thrill of our sedate flight. Standing on the top wing of our aircraft your pilot will fly you across the airfield and local area, passing over the wonderful countryside that surrounds us. He'll then fly past the viewing enclosure so that your friends and family can watch you, can take photos and video you flying past, after all, it's not every day you get to fly on the top wing of an aeroplane!

For the more adventurous amongst us... after a few passes for friends and family, the aircraft can climb higher, up to 600ft. Height is potential energy, the higher you go the more the aircraft can do. We can perform exhilarating manoeuvres including bumps, dips, dives, and steep turns which are sure to raise your adrenaline to new levels. With your blood pumping and senses on overload, you'll be landing and returning to your spectators, full of adrenaline and a massive sense of achievement!

COSTS

£150 Registration cost
£650 Fundraising target

WHO CAN WINGWALK?

Your safety is our number one priority, and it is for this reason that we are very strict with our procedures and require all wingwalkers to adhere to the following regulations. Wingwalkers need to be able to confirm that they:

- Are at least 18 years old
- Are no taller than 6ft 2"
- Are no heavier than 15 stone (210lbs)
- Have a waist measurement, whilst wearing warm clothing and a jacket that is 40" or less
- Are able to climb, completely unassisted, up to and down from the top wing of one of our Boeing Stearman biplanes. This is a steep climb of approximately 10ft / 3m, but you will be given full guidance by our Professional Wingwalker.
- Have not suffered any of the following conditions: Epilepsy, fits, severe head injury, recurrent blackouts, fainting fits or giddiness, disease of the brain or nervous system, high blood pressure, heart or lung disease, recurrent weakness or dislocation of any limb, diabetes, mental illness, drug or alcohol addiction. If you suffer from these conditions but are regularly monitored by your doctor and the condition is medicated and under control, then you can fly with us.

If you have any concerns at all regarding your health, fitness and ability to wingwalk, then we ask that you consult your doctor.

ARRIVAL TIME

The time booked is the time you need to arrive at the airfield, this is not the time of your flight. Please ARRIVE at the time we have provided on your voucher. As this is a private airfield, access can only be granted to you and your spectators no more than 30 minutes prior to your allocated arrival time.

WHAT TO WEAR

Comfortable, layered, warm clothes that you can climb around in. No hoods or toggles. Flat-soled shoes (e.g. trainers) are suitable. We provide flying suits to go over your own clothes (optional). If you wish to wear fancy dress, this is acceptable, however, please be mindful that you cannot wear loose clothing or any additional items such as head gear, wings or capes.

GETTING THERE

Address: RFC Rendcomb Airfield, The Whiteway, Cirencester, Gloucestershire, GL7 7DF

Facilities include ample parking, toilets, hot drinks machine, cold water dispenser, inside and outside seating. Guests are welcome to bring their own food and non-alcoholic beverages.
